WORK OF THE CONVICTS.

What is Being Done in Road Construction in Guilford.

THE NEED OF PERMANENT WORK.

Petitions for Convict Labor Coming to Commissioners—Some photographs Taken.

Yesterday afternoon Commissioners Boren and Tyre Glenn, S. L. Alderman, the photographer, and a TELEGRAM man drove out to Stafford's mill, via Guilford College, to see what the road force was doing.

The change that has been wrought by the engineering skill of Prof. Bandy and the grade work by Mr. Bergman, superintendent of construction, in charge of the convicts, is really wonderful.

Before the changes were made the hills in this neighborhood were so steep that a jack rabbit would have to lie down and rest before he got to the top. Now there is an easy grade up all the hills between here and Stafford's mill.

This shows the great advantage of having a skilled engineer to establish the grades. When the grade is established and proves satisfactory it saves future trouble when it comes to macadamizing.

We sincerely hope this is but a step towards permanent work, and that the day will soon dawn when Guilford county will be traversed by a system of durable macadamized highways, affording quick and safe transportation from one section of the county to the other.

We understand that at the last meeting of the board of county commissioners that there were twenty-five petitions presented to have the road force work in different parts of the county.

THE TELEGRAM makes the assertion that Greensboro and Guilford county can have anything in the way of improvements that Charlotte and Mecklenburg have.

Those acquainted with the section refered to can understand the change when it is remembered that two of Vanstory's spanking grey horses pulled four men in a surrey from the mill to Greensboro in two hours. The distance is thirteen and a half miles and the horses were backing their ears when they returned to the stables after the trip.

Several views, showing the old and new roads, were taken on the trip by Photographer Alderman, which will be on exhibition when finished.

Safe-Crackers at Mocksville.

News was received here today from Mocksville that the postoffice there was robbed last night. but it is not learned how much money was stolen. An entrance was forced and the safe blown open.

The work was evidently performed by professionals. Perhaps some of the light-fingered gentry who made it interesting at the Winston fair last week, are doing the safe-cracking business as a "side line."

The section master's hand car was missing this morning from Mocksville, and it is supposed the robbers used it as a means of escape from town.

TELEGRAPH TO KLONDYKE.

Canada Will Build a Line Within the Next Year.

San Francisco, Nov. 8.—Charles R. Hosmer, of Montreal, general manager of the Canadian telegraphs, general manager of the Postal Pacific Telegraph Company and the Commercial Cable Company, arrived here yesterday.

He says that within the next year the Canadian government will undoubtedly construct and complete a telegraph line to Dawson City and by the identical route originally surveyed thirty years ago by George Kennan, the Siberian traveler.

Fever in a New Place.

By wire to THE TELEGRAM.

Marshall, Mo., Nov. 9—A case of yellow fever was reported here this morning. The patient was from Memphis. No fear is entertained of its spreading, as there have been heavy frosts.

GAMBLING IN COTTON.

How a Former Tar Heel Accounts for the Low Price.

John T. Roddey, a former citizen of this State and an operator on the New York Exchange, writes to the Atlanta Journal as follows:

No doubt the late civil war cost the South many lives and an immense amount of money, but in my opinion since the war the South has lost at least five times the amount through exchanges on cotton; in fact the amount of money lost by the southern farmer and speculator during the past twenty-five years, by having the price manipulated by professional speculators, will amount to many millions of dollars. I believe the average town in the South of 5,000 people has lost by speculation and having the price manipulated against the farmer from $250,000 to $1,000,000—and think of the number of towns!

A professional gambler in gambling only ruins the individual with whom he is gambling, but professional operators, in order to accomplish their ends, not only ruin the individual but also ruin many millions of individuals by effecting markets which effects them all, in order to make their profits. Supply and demand for spot cotton does not effect the price, but supply and demand for futures establishes the price.

For instance, every spot buyer simply asks how is the future market, and if the future market is 10 points lower, he immediately lowers his limit equal to the drop in futures, and every farmer that markets his cotton simply suffers from the drop speculators cause. In other words, spot buyers and mill men only have to break the future market in order to buy their spots at whatever price they care to fix, knowing absolutely that the average farmer must sell on account of his poverty at least a portion of his crop at whatever price they may fix.

Large American and European spinners never give themselves a moment's uneasiness about getting their supplies, in fact they simply reason that they will get together, sell thousands of bales of futures, which will put down the price. and as long as they continue to sell the lower the price will be, and when they get the price barely where the farmer can exist they then buy their spot cotton, realizing that over a million bales per month will be marketed at absolutely any price they may fix.

Autumn's Loveliest Bloom.

The price for admission to the Chrysanthemum show will not deter any lover of the beautiful from attending that fine display of autumn's loveliest blooms which the ladies are arranging in the McAdoo building on East Market Street, and which will be open on Thursday and Friday, during both day and evening.

Admission to the show is only 10 cents for each time or 25 cents for a season ticket; children under twelve years 5 cents.

In connection with the flower display the ladies will serve a variety of refreshments, such as oysters stewed or fried, with coffee for 25 cents; a regular dinner or supper of chicken, ham, chicken-salad, turkey, cranberries, celery, pickles etc, and coffee for 25 cts. Varieties of ice cream and cake at the usual prices.

Surely these combined attractions ought to draw even the busiest of our people around to the chrysanthemum show to delight the eye and to refresh the inner man with such tempting viands.

An Assignment.

By Wire To THE TELEGRAM.

Atlanta, Nov. 9.—L. Steinan and other members of the firm of L. Steinan & Co., whiskey dealers, have been arrested, charged with the murder of Poiliceman Hander, while endeavoring to protect their store from supposed burglars.

Steinan failed yesterday and it is alleged that members of the firm went to the building secretly in order to secure the money from the safe, discovered and shot the only eye witness. The safe was opened by persons knowing the combination.

Arlington, N. J., Nov. 9.—Roy Gould, who was supposed to have been kidnapped yesterday, returned home today. He had only strayed from home.

Spain's Reply.

By Wire to THE TELEGRAM.

Washington, Nov. 9.—Full text of Spain's reply to Woodford's note read in cabinet meeting today. Its tone is very pacific and is regarded by the cabinet as satisfactory, and is calculated to allay all fear of hostile outbreak.

SPAIN TO GRANT AMNESTY

To Competitor Prisoners Along With Others

A GALA DAY IN LONDONTOWN

Throngs Line the Route to See and Cheer Her Chief Magistrate—Magnificent Decorations.

By Wire to THE TELEGRAM

Washington, D. C., Nov. 9.—The diplomatic representatives of all countries are very greatly interested today in Spain's postponement of the trial of the Competitor prisoners. There is a general impression here that Spain will grant them amnesty and thus remove one of the most serious dangers of friction between that country and the United States. It is stated today that the administration is in possession of information confirming the report that those prisoners will be included in the general amnesty proclamation which will shortly be issued by Spain.

LORD MAYORS PROCESSION.

London, Nov. 9.—Despite the thick drizzle and heavy fog that is prevailing here the ancient custom presenting London's chief magistrate to the representatives and sovereign was observed today with success.

The usual immense throng of people lined the route and the decorations were more ambitious than usual. The decorations consisted mainly of triumphal arches and venetian masts, floral festoons and a liberal display of bunting.

THORNE'S CASE PROGRESSING.

The Defense Claims An Advantage in the Jury.

By Wire to THE TELEGRAM.

Long Island City, Nov. 9—The trial of Martin Thorne for the murder of Guldensuppe commenced in earnest this morning. The district attorney began his argument to the jury. Portions of the body which will be exhibited are not well preserved. Attorney Howe expresses confidence saying he has gained an advantage in the selection of the jury.

SOUTH AFRICAN WHEAT CROP.

The Yield Will Be Forty Bushels Per Acre.

By Cable to THE TELEGRAM.

London, Nov. 9—A dispatch here from Brisbane, the capital of Queensland in Australia, says that the returns of the wheat crop in that section show a yield of forty bushels per acre. It is expected that the Darling Downs area will yield double the amount of wheat grown last year.

A CRANK IN THE WHITE HOUSE.

Said President McKinley Had Invited Him to Breakfast.

By Wire to THE TELEGRAM.

Washington, Nov. 9—A man about thirty years old called at the White House this morning saying that President McKinley had asked him to breakfast. He dashed into the building declaring the President had wronged him. He was arrested by an officer in the green house.

Presidential Appointments.

By Wire to THE TELEGRAM.

Washington, D. C., Nov. 9.—The President today appointed John T. Wilder, of Tennessee, pension agent at Chattanooga; Eugene A. Webster, collector of internal revenue for South Carolina; Dwight Jarvis, appraiser of merchandise at Tampa, Florida; Capt. J. C. Watson, to be commodore of the navy; Commander, F. E. Chadwick, Captain. General Wilder is a native of Indiana and was the commander of the famous Wilder Brigade whose valor on the field of Chickamauga is commemorated in the National park. He settled in Chattanooga after the war.

CITIZENS' MEETING TONIGHT.

All Requested to Be Presented at K. of P. Building at 8 o'clock.

All citizens are urged to attend the meeting tonight at the K. of P. building. The meeting will be called to order at 8 o'clock and its object will be to determine whether or not a business carnival shall be held here the first week in December. All who are interested in the growth of the city should be present to express their opinion in the matter. Remember the hour.

"THE ONE FRIEND OF THE SOUTH."

Watterson's Great Lecture at the Normal Saturday Night.

Mr. Watterson's lecture on Lincoln at Plymouth church last night was before an audience correctly described as large and distinguished. There was the shrewd, sharpened faculty of the veteran editor in the few selections Mr. Watterson made from Lincoln's writings. There was a wholesome homeliness in the sketch of Lincoln's youth and struggles. There was brilliant characterization of his genius, his style, his literary faculty, his canny sagacity, and then came the answering question: "Where did Shakespeare get his endowment Mozart his music, Burns his song?" One point in Lincoln's career that was brought out by the lecturer with remarkable power was that of his dominance—his mastery of the situation. And, said Watterson: "He was the one friend of the South. He was himself born in the South. I marvel he was so maligned by his contemporaries. He was so broad, so generous, so simple, so tender." The dramatic interest of the lecture is very great. There are many passages of it singularly pathetic and beautiful, and the influence of it is as robustly patriotic as the entertainment is enchanting.—Editorial, Standard Union, Brooklyn, N. Y., May 15, 1895.

WILL REMAIN DEMOCRATIC.

Ex-Senator Blackburn on the Future of Kentucky.

Washington, D. C., Nov. 9.—Ex-Senator Blackburn, of Kentucky. is at the Wellington, and expects to be in Washington for a week or ten days. Speaking with a reporter about the recent election in Kentucky, he said that the Democratic victory in that State was of a character to insure permanence. It was, he said, a perfectly clean-cut victory and a triumph for the Chicago platform without equivocation. The State, he said, was now safely within the Democratic lines and would stay there, it being sure that the next United States Senator elected would be a Democrat.

ANTI-FOOTBALL BILL

Passes the Georgia Legislature Nearly Unanimously.

Atlanta, Ga. Nov. 8—Representative Cole's football bill, prohibiting match or prize games of football or games of football where admission fees are charged, came up in the House today with a favorable report from the general judiciary committee, with an amendment striking out "games of like character." This was adopted and the bill passed without discussion by a vote of 91 to 3.

Blossoms in Reidsville.

Reidsville, N. C. Nov. 9—The ladies of the Main street M. E. Church of Reidsville, will have their chrysanthemum exhibit on Thursday and Friday of this week in the Armory of the Reidsville Rifles. Refreshments will be served. The ladies have taken great care to make this a beautiful and attractive entertainment and success should be theirs.

Chinamen in Coal Fields.

By Wire to THE TELEGRAM.

Streator, Ill., Nov. 9—The announcement that Chinamen will be placed in the mines of Northern Illinois and the Iowo coal fields has been followed by great excitement here. A call has been issued for a full convention of the district to be held on next Wednesday night.

Butterworth's Precarious Condition.

By Wire to THE TELEGRAM.

Cleveland, Ohio, Nov. 9.—The condition of Major Butterworth, Commissioner of Patents, showed no improvement early today. His physicians say that he has barely a fighting chance for his life. He spent a fairly comfortable night and is in a semi-conscious condition this morning.

SHOT DEAD AT THE ALTAR.

An Outlaw Killed While Kneeling Beside His Bride.

A WEST VIRGINIA TRAGEDY.

Wreck Reported On The Pennsylvania Railway But Officials Refuse Particulars. No Lives Lost.

By Wire to THE TELEGRAM.

Wheeling, W. Va., Nov. 9—Milton Hickman who was considered the most notorious and dangerous outlaw in the two Virginias was shot dead last night while kneeling in prayer at church beside the woman who was his prospective bride. His followers were in church at the time of the killing but when they saw their leader fall they all surrendered. After the leader was shot but before he was fatally wounded there was a terrible fusilade during which several others in the church and also Marshal Roder, of the attacking party were badly wounded.

THE PENNSYLVANIA WRECK.

New York, Nov. 8—News has been received here of a wreck at the Pennsylvania railway tunnel. The Baltimore mail trains and others from the south were delayed in running around the wreck. The railway officials claim that they have no details of the wreck. So far as they know no lives were lost.

ORAKZAIS FOR PEACE.

The Afridis Continue Fighting and Kill Several British Soldiers.

Simla, Nov. 8.—Official dispatches from Maidan, in the Maidan Valley, where the British column under Sir William Lockhart is encamped, say that a large deputation of the Orakzais has entered the camp to treat for peace, but that as yet the Afridis give no sign of yielding.

Meanwhile the tribesmen cut the telegraph wires nightly, persistenly harass the expedition, fire at long range on every baggage convoy crossing Arhanga pass and attack every foraging party. One of the latter narrowly escaped massacre. Several have been killed or wounded in these desultory encounters. Among the killed was Lieutenant Gifford, of the Northamptonshire Regiment. Lieutenant Sullivan, of the Sikhs, was badly wounded.

ENGLAND'S FALLING TRADE.

The Total Decrease in Exports in Ten Months is $30,000,000.

London, Nov. 8.—The returns issued by the Board of Trade show that during the month of October there was a decrease of $7,000,000 in the value of British exports. and also a decrease of $3,000,000 in the value of imports. The decline is chiefly in yarns and textiles.

The decrease in the exports of machinery was nearly $2,500,000, owing to the strike of the engineers. The shipments of tin plates to the United States continue to decrease, and the wheat shipments from America to increase.

The total decrease in the value of exports for ten months of 1897 is $30,000,000, as compared with the corresponding period last year.

Prosecution of Luetgert Cost $8,808.

Chicago, Nov. 8.—State's Attorney Deneen has filed with Deputy Controller Monaghan his bills for the expenses incurred in the prosecution of the Luetgert murder trial. The actual expense incurred by the State's attorney amounts to $5,735. The total expense of the trial, including the salaries and the feeding of the jurors, is $8,808. This does not include the cost to the defense.

Make it Permanent.

The question as to whether or not the Tobacco Fair shall be made an annual feature in Winston-Salem was pretty freely discussed by our business men today. The opinion is quite general that steps towards the permanency of the enterprise should be taken at once and it is probable that definite action will result early next week.—Winston Sentinel.

Preparing For a Rush.

Facts Worth Studying.

If the Southern Stock-Mutual pays no larger dividends than the 20 per cent. now paid, and the business increases during the next seven years in the same ratio it has increased during the last three years, the actual saving for the ten years to policy-holders in North and South Carolina will be $194,822.00, and to the policy-holders in Greensboro alone, $26,237.00. Besides this the Company's assets (reinsurance reserve and surplus) represented by still larger figures will be kept at home and invested in the state. THE LOW PRICE OF COTTON.

We print elsewhere part of a communication to the Atlanta Journal by a prominent operator on New York 'Change. There is food in it for a great deal of thought and it is especially pertinent at a time when the price of cotton has dropped to a figure only equalled once or twice in the history of cotton growing in the south. It cannot be urged that the writer has anything to gain by the views he expresses in his article and there is no question as to his knowledge of the matter he discusses.

It is scarcely possible under existing conditions to put a stop by legislation to dealing in cotton futures which, according to this writer, is so largely responsible for the low price of the south's great staple and all the consequent hardship, poverty and suffering among cotton farmers.

The remedy must be applied by the farmers themselves and is to be found only in a diminished production of cotton and an increased production of those supplies that they have been accustomed to buy from the northwest.

Close observers of agricultural conditions have been urging this course upon farmers for years, but with that fatuous adherence to established practices that has retarded the south in all lines of industry the southern farmer has continued year after year to grow cotton almost exclusively, though knowing all the while that when marketed it would not more than cover the cost of production.

A few years ago there was a concerted action among farmers, through the medium of the Farmers' Alliance, to reduce the cotton acreage. Had farmers adhered to this course it would have resulted in largely increasing the price of cotton and adding materially to the industrial independence and welfare of the cotton growing sections. Unluckily, the farmer lent a willing ear to the cheap and easy methods of windy demagogues for jumping him at once into ease and affluence with the result that he neglected what alone could have helped him and got nothing but more wind and more demagogues as a return.

It is pathetic to see how, in the cotton growing sections, the bright promise of better times that was so cheering in the early autumn has given place to stagnation even greater than that of one year ago. We repeat: the remedy lies not in revising statutes, but in revising farming methods.

THE FRIEND OF THE NEGRO.

The negro has been led to suppose that because northern papers have violently attacked the South for its treatment of him that in the north he would become a social lion. It seems a pity to spoil so delightful an illusion but the experience of the prominent negro Thomas T. Fortune in the north shows what the negro may expect at the hands of his valorous champions at long range.

Fortune went to a Brooklyn theatre and attempted to buy a ticket to the performance. He was told that standing room alone remained but white men were continually buying tickets calling for seats, notwithstanding. Fortune became obstreperous at what he termed flagrant injustice and was promptly arrested. The following paragraph gives his views:

"I have traveled all over the southern states, and have been in some very tight places down there where police officers and officials of all sorts have no consideration whatever for Afro-Americans or their rights or feelings. But I am convinced that it is just as easy for an Afro-American to get insulted and arrested and handled roughly by the police and railroaded by police sergeants and justices for standing up for his civil rights in New York and Brooklyn as it is in Atlanta or New Orleans."

This should commend itself to the thoughtful attention of those of the race who have been taught by northerners to regard the Southern man as his enemy.

Those organs that have suffered an unusually severe attack of maudlin sentiment on account of the unfortunate death of Young von Gammon in a football game and those that have been hysterically patting the Georgia legislature on the back since the introduction of the bill to prohibit the game, will please take note that the same humane body has under consideration a bill to legalize prize fighting. Not only that but fifty of the same wise legislators went to see a ten-round bout between two prize fighters just in order to determine how their votes should be cast on the measure, you know. Such are the usual and legitimate results of attempts to legislate men into effeminate monstrosities.

In Kansas several tie votes were decided by throwing the dice. The populists won and now the republicans are charging that the dice were loaded. This is another pertinent instance going to contradict the statement that populists are not practical politicians.

Mr. Marcus Aurelius Hanna is now engaged in an effort to determine just how many ciphers to the right of his diplomacy will persuade Fire-eating Foraker not to hamstring his senatorial hobby-horse.

The one encouraging thing, from a business point of view, about the Thorne trial is that it will not meterially effect the consumption of sausage.

Colonel Watterson, having reached the conclusion that the leader without followers occupies a rather undignified position, has disbanded sine die.

According to Collector Harkins, civil service should be defined as a sure, safe and expeditious method of kicking out those who are in.

Diplomat Taylor in his discussion of Spanish affairs was very undiplomatic. Good judges accuse him of having told the truth.

The yellow fever germ seems bent on showing that it can stand up to Jack Frost for a few rounds at least.

Reduced Rates.

On account of the Cumberland County Fair at Fayetteville the C. F. & Y. V. railroad will sell round trip tickets from Greensboro at the following low rates:

Tickets sold only on Nov. 8th, 9th and 10th, with final limit Nov. 15th, good for continuous passage in each direction, at $3.60.

Tickets sold on Nov. 11th and 12th, good until Nov. 15, at $2.60, good for continuous passage each way.

These tickets include one admission to the fair grounds.

These special trains will leave Greensboro at 7 a. m., and returning will leave Fayetteville at 5 p. m.

Excursion tickets good on all trains. Children over five and under twelve years of age will be charged half rates. For tickets and further information apply to any agent of the above named road. Proportionately low rates apply to all stations between Greensboro and Fayetteville.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits.' Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at C. E. Holton's drug store.

Land Sale

By virtue of a mortgage deed executed by John Bethel and wife Fannie Bethel, on the 28th day of October, 1896, to J. W. Kerr, (since dead) and in consequence of a failure to pay the debt secured in said mortgage, I will sell to the highest bidder, for cash, at the court house door in Greensboro, N. C., on Saturday, December 4th, 1897, the lands described in said mortgage, butted and bounded as follows:

Beginning on northeast corner of street on Main street leading to Greensboro, thence north 60 degrees east along westerly side of said street 10 1-3 poles, thence north 87 degrees west 14 1-2 poles, thence south 30 degrees west 10 1-6 poles to north side of said street, thence 87 degrees east with said street 14 poles to the beginning, containing one acre, more or less. There is reserved from this sale the lot out of this boundary heretofore sold to Frank Fields.

The above mortgage is recorded in book 102, page 707, in the office of the register of deeds, Nov. 4, 1897.

HARRIS' LITHIA WATER
OF SOUTH CAROLINA.

Contains More Lithia than any Natural Lithia Springs Water on the market. There are a great many so-called Lithia Waters on the market whose analysis show that they contain only traces of lithia. It seems that if you wish a Lithia Water you should examine the analysis of the waters and find out how much they contain. The analysis of Harris Lithia Water was made by the noted R. Ogden Dosemus, M. D., LL. D., Professor of Chemistry and Physics, College City, of New York. If the Harris Lithia Water is not Superior to any other water on the market, do you think that the following noted physicians from all parts of the country would give their testimonial, stating that it was? They have no interest in the Harris Lithia Water.

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

Columbia, S. C., Oct. 8, 1892. A. N. TALLEY, M. D.

Mr. J. T. Harris:—Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with Diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Others of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases. Very respectfully yours,

THOMAS S. POWELL, M. D., Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Jos. Jones, of Tulane University, of New Orleans, has to say in regard to the virtues of Harris Lithia Water:

New Orleans, La., Aug. 13, 1894.

Harris Lithia Water Co., Harris Springs, S. C.:

Gentlemen—I have used, with great benefit, the case of water sent me, and regard it with favor, being highly charged with Lithia.

Respectfully, JOS. JONES, M. D.

June 12, 1893. Mr. J. T. Harris, Harris Springs, S. C.:

Dear Sir—I have used the Harris Lithia Spring Water for the past year in all renal troubles, with prompt and efficient effect. In gouty and rheumatic troubles I consider this water superior to the Buffalo Lithia Spring water. I suffered from an attack of rheumatism for eight months, during which time I drank the Buffalo Lithia water constantly for four months without effect. In November last I had a case of Harris Lithia Water sent to me, and after drinking it for about three or four weeks, the pain and stiffness left my limbs and I have not been troubled since. I feel that I can safely recommend the Harris Lithia Water. Respectfully.

Savannah, Ga. R. B. HARRIS, M. D.

"The Harris Lithia Water is, in my opinion, unexcelled for those ailments requiring the salts it contains. THEO. LAMB, M. D.

Professor Diseases of Chest and Principles of Medicine, Medical Department, University of Georgia.

Asheville, N. C. April, 24, 1893.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters. Very truly yours,

JOHN HEY WILLIAMS, M. D.

Atlanta, Ga., April 20, 1897.

I have used for sometime Harris Lithia Water in my family, and also with my patients, and find it is the best Water I ever used in catarrhal condition of the uretus and bladder. It is also a good diuretic Water.

G. G. ROY, M. D.

Charleston, S. C., Sept. 20th 1893.

Mr. J. T. Harris:—Dear Sir: I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder, it is the remedy par excellence. I prefer it to the Buffalo Lithia Water. Very truly yours,

A. C. KAUFMAN,

President Vanderbilt Benevolence Association of Charleston, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs:

Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the Rheumatic and Gouty Diatheses; in Inflammation of the Bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,

Columbia, S. C. GEO. HOWE, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saliney taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powerfully alternative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In Indigestion, Catarrh of Stomach and Gastralgia, supplemented with a proper diet they are a certain cure. The action upon the kindneys is marked. The Sodium, Potash, Soda, Lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required. Respectfully,

Waterboro, S. C., April 19, 1892. J. Q. WILBUR, M. D.

Camden, S. C., Aug 24, 1893.

Mr. J. T. Harris:—Dear Sir: I enclose you in this letter several small pieces of calculi passed by a patient of mine, who has been taking the "Harris Springs Water" for the past eighteen months. This gentleman has been a sufferer for two or three years with Cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring Water a most excellent remedy in the Uric Acid Diathesis, also in Chronic Dyspeptic troubles.

I am, yours respectfully, A. W. BURNET. M. D.

Chester S. C.

Dear Sir:—For the past eight months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in Gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia. S. M. DAVEGA, M. D.

Atlanta, Ga., April 24, 1897.

Mr. J. T. Harris, Harris Springs, South Carolina:

Dear Sir: I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from Kidney and Bladder Troubles. Therefore take pleasure in recommending it. Respectfully,

JAS. F. ALEXANDER, President Board Health.

Baltimore, June 24, 1896.

J. T. Harris, Esq., Harris Spring, South Carolina:

Dear Sir: I have been using Harris Lithia Water for sometime, and I will say to you that in my opinion that the Harris Lithia Water that is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think it a most valuable remedy.

R. C. HOFFMAN, Pres. S. A. L. R. R.

Atlanta, Ga, April 20. 1897.

Harris Lithia Water Co.,

Gentlemen:—I have used Harris Lithia Water for the past two years and find it a most excellent remedy for dyspepsia and other stomach troubles. I cheerfully recommend it CHAS. M. NEEL, Pres. Ga. Military Institute.

A Fair Proposition.

We will guarantee that one glass of HARRIS' LITHIA CARBONATED WATER will relieve any case of indigestion in one minutes' time or money refunded, or if taken after each meal will cure the worst case of indigestion. You see what the noted Dr. Davega, of Chester, S. C., has to say in regard to it, and there is not a physician in South Carolina who stands higher in the profession than he does, and besides you lose nothing by giving it a trial, as our agents are authorized to refund the money to any responsible person who will not admit that he was benefited by it.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and $1.00 per bottle at C. E. Holton's drug store.

NEGRO COLONY IN ALABAMA.

Miss Ray Gives $10,000 to Experiment in Solving the Race Problem.

Birmingham, Ala., Nov. 8—A negro colony has been formed near Decatur, this State, and the place was opened yesterday afternoon. It is to be known as the Cedar lake Negro Colony, and a post office is already established. Application has been made for a charter, and a provisional city government has been elected. The colony will cover 367 acres of fine land, and President M. H. Smith, of the Louisville and Nashville Railroad has promised to erect a station and give shipping concessions. It is a movement started by Miss Ray, known in the literary world as "Jack Carlton," and she gives $10,000 to it, not as a business speculation, but as a plan for solving the race problem. The negroes are to invite others of their race, build churches, schoohouses, factories, workshops and business places and have a town of their own. The State Administration sanctions the scheme.

Whiskey for Convicts.

Colonel Olds explains the consumption of whiskey and quinine by the penitentiary as follows:

The penitentiary authorities say that their large purchases of whiskey were for used as medicine for sick convicts on the Roanoke farms; that quinine and whiskey are given each convict every morning; that the physicians mix it for them in large quantities; that if it were not thus given not half of the convicts would work. They further say that there is a great deal of sickness, Chairman Dockery making the statement that out of 700 convicts not over 400 were able to pick cotton.

Are You Subject to Attacks of

COLIC?

If So, There is No Need to Suffer.

Mrs. Joe Person's Remedy

WILL CURE YOU

For several years I had been subject to severe attacks of cramp colic. Sometimes they would last me an hour and hardly a week passed that I did not have several attacks. I tried everything that was suggested, but found no relief. During these attacks the muscles of the arm and leg were terribly drawn and the whole body was cramped. I was advised to try Mrs. Joe Person's Remedy, which gave me relief at once, but not until I had taken two dozen bottles was I entirely cured. It was eight years ago since I took the remedy, and I have not had a touch of the trouble since.

BRIEF LOCAL MATTERS.

Mrs. N. J. McDuffie went to Fayetteville today.

J. C. Buxton, of Winston, was here at noon today.

E. D. Steele, of High Point, was in the city today.

A. H. Eller, a Winston lawyer, was in town at noon today.

Everybody invited to call and get prices at Vuncanon's. See ad.

Capt. R. B. Glenn and E. B. Jones, of Winston, were in the city today.

A young lady goes with each claim at the Klondyke social this evening.

Shrier, the exclusive shoe dealer, has a new ad in the paper today. Read it.

The vestibule, northbound, due here at 12:10, was six hours late yesterday.

If you need shoes of any kind read the new ad of Johnson & Dorsett today.

For tomorrow's special sale at Sample Brown's read their advertisement in the paper today.

J. Ed. Lewis left the city on the noon train for Wilmington, where he goes to accept a position.

M. C. Stanback, who travels for the Merchants Grocery Co., returned today from a business trip.

Howard Gardner, the corner druggist, advertises Harris' Lithia water just received. See penny ad.

Clegg's Hotel has been ornamented with a new and attractive sign on the side of the building, next to the railroad.

The Greensboro Steam Laundry is doing business at the old stand yet. See ad in the columns of THE TELEGRAM.

The A. Q. Scammon Company, which played "The Burglar" here last night at the Academy, left this morning for Danville.

The Klondyke social at the rectory tonight will be the most unique thing of these late days. Go and stake out your claim.

Those contemplating purchasing heating stoves, might do well to call on R. L. Woodard, the hardware man. See penny ad.

Malaga grapes are offered at a cut price today. Andrews says he expects to put the price lower still if the New York market will permit.

The firm of Pitts & Bain have put in a wood saw, and are prepared to furnish wood ready cut at a reasonable price. See penny ad.

Gold, gold tonight, come and take away all you can carry. St. Barnabas Rectory on Price and North Elm street. Admission 10 cents.

Rev. A. B. Crumpler, the evangelist was here today returning to his home at Clinton from Pilot Mountain, where he has been holding a meeting.

Our advertising patrons crowded us today and it was impossible to make all the changes. Watch these columns every day. There will be more new ads tomorrow.

THE TELEGRAM is sorry to learn that Mr. L. B. Lindau has been confined to his home for a day or two with sickness. We hope to see his smiling face on our streets again very soon.

Matthews, Chisholm & Stroud are talking today about neckwear. They have a beautiful line of ties, scarfs and cravats, in all the latest styles and colors. They carry an all round, up-to-date stock in all departments. Call and see them.

Fred Bailey, of Winston, and Frank H. Walker, of Columbia, Ala., were in the city today. Not being accustomed to seeing so many trains they were a little confused at the depot today and didn't know what train to board. When we left them they had about decided to remain in Greensboro.

The long list of testimonials, on the third page of this paper, tell you something of the virtues of Harris' Lithia water. Mr. Harris, owner of the Harris Springs, South Carolina, was here a short time ago and placed an ad in THE TELEGRAM, to which we call your attention. That advertisement tells what the water is and where it can be bought.

One of the most industrious men in town is J. M. Gallahan, Lindau's clerk and delivery man. He is never idle, up long before the sun, busy throughout the day, and is always on hand at the closing hour. Mr. Gallahan is a native of Fredericksburg, Va., lived in Washington a while and has been with Lindau here about four years. It is not always that you see an employe stick as close to his employer's business as does John Gallahan.

The Raleigh Press-Visitor says: Rev. J. W. Lee, the Irish evangelist preached at the Fayetteville street Baptist church last night. In his sermon Mr. Lee took occasion to hit the board of aldermen and the management of the state fair with reference to the saloon question.

OUR GRADED SCHOOLS.

The City Should be, and We Believe is Proud of Them.

We venture the assertion that there is no town in the State with the same population that has a graded school building that presents a finer appearance than the South Greensboro graded school.

Inside everything is neat, clean and attractive, and there is an air of system which pervades the entire school. Through the courtesy of Prof. Toms a TELEGRAM man was permitted to see the school at study and hear the singing and phonetic spelling of the young pupils.

In all there are about three hundred scholars and seven successive grades. The last two grades, 8th and 9th, are completed in the Lindsay street school.

Pupils from our city schools have stood high in all our State colleges, and indeed in colleges beyond the border of the Old North State.

Our city schools are a benefit to Greensboro in more ways than the education of the children who reside here. Their superior merit has gone abroad in the land and a number of good people have already moved here on account of the excellent educational advantages.

Pie-Eater of Magnitude.

The Salisbury Sun, whose veracity has not yet been impeached, is responsible for this:

One of the colored employes at the Southern's freight depot here has broken the record in pie eating. For some time Mr. T. R. Garner has noticed that this one man eats a pie each day for dinner, and he recently questioned him about it. The old man replied that he had made it a rule to eat one pie each day ever since he was set free, and that a number of times he has eaten three a day.

At the lowest calculation this darkey has eaten about thirteen thousand pies, not counting those he ate before the war.

They Want a Game.

The manager of the football team of the Richmond Athlectic Association, has written Garland Daniel asking for a game on the grounds here Friday. The home team has game with Wilmington on that date. It is to be hoped a game may be arranged with Richmond at a later day.

A GOOD HOUSE

Waited for the Rising of the Curtain in "The Burglar."

An obvious plot—the old case of the villainous husband and the rejected suitor who only lacks a halo—fairly good acting, with comic touches here and there and an ultra realistic knight of the jimmy scene combined to entertain the crowd at the Academy last night. "The Burglar" has the strongest cast of any piece staged here this this season, saving always the Graham Company. Without having seen a burglar "burgle" it is nevertheless permissable to doubt whether the matter was not slightly overdone in the house-breaking scene. Still it was not cheap and was a rather clever piece of acting. It may be merely a matter of individual taste but the burglar did not seem the star of the company. The part was less difficult but the young lawyer was the best acted character in the play.

A Klondike at Your Door.

Owing to the approaching winter and the wear and tear incident to a trip to Klondike, the ladies of St. Barnabas' Church have annihilated space and other inconveniences and have placed the Klondike region within the reach of all. Go to the Rectory on the evening of Nov. 9th and stake out your claim. Work on some can be commenced at once. Don't forget the region—St. Barnabas' Rectory, corner North Elm and Price streets. Admission 10 cents. adv

Too Strong to Carry Coal.

Many a man who is strong enough to play golf all day, or "hold out" a hundred pounds finds a scuttle of coal too heavy to lift.

The trouble is that a great deal of coal is full of slate. Slate is heavy and it won't burn.

We sell coal that's all coal. A lump of it is lighter than a lump of slatey coal and there's a heap more heat in it,

What Sort of SHOES Do You Want?

Call at our store and answer the above question if you want a good winter pair of shoes.

Hinkle Bros.,

C. M. Vanstory & Co.,

The Home of Fashion.

Men of fashion find our stock replete with nobbiest importations. Clothes are the outward expression of your taste. "Costly thy habit as thy purse can buy, but not expressed in fancy; rich—not gaudy, for the apparel oft proclaims the man." The truth is always the strongest argument. Pleasing our patrons makes life pleasant for us.

A Good Combination:

WEAR	The looks of clothing may be a temporary availment, but if good service be not with them, they'll never please you.
FIT	A poor fitting garment, no matter how the material, should not be worn by an up-to-date dresser.
STYLE	A suit needs this to catch the eye and aid you in appearance.
PRICE	Uniting the foregoing elements in clothing to sell at prices to suit the times is just exactly what we are doing.

A Taste of Winter.

Soon you will need something heavier in the furnishing line. Remember that while summer was here we were looking after your wants. All you have to do is to come see how well we have provided for you. With us you will find everything up-to-date. Not yesterday, but today, tomorrow.

Liberality and fair dealing, good merchandise and moderate prices, have been the corner-stone of our success.
